A. First, I would suggest that Texas already has mechanisms in place to prevent voter fraud in the current books. And if there were going to be any justification for adding undue burden on the electorate, particularly the Latino electorate, to address any sort of purported problem with either voter fraud or voter impersonation, that it is reasonable to expect that the proponents of such a law demonstrate that the problem exists in the first place.

Q. You just mentioned that Mi Familia believes there are currently laws in place designed to prevent in-person voter fraud. Is that a fair characterization of something that you -- of one of the things you just said in that previous answer?

A. In the larger context of voter fraud in general, yes, I believe that the current Texas statutes that are designed to implement our election laws are sufficient.

Q. What I'm wondering, what I'm asking, is that Mi Familia asserts there is not currently evidence of voter fraud but that we already have laws on the books designed to prevent that fraud. Mi Familia contends that because there is not this fraud, Texas should not be allowed to enact Senate Bill 14. My question is, does Mi Familia contend that the other laws that are currently in place designed to prevent fraud should not have been

I'll refer back to my comments about its impact directly on the -- on Texas' role in the Voting Rights Act. I believe it is regressive. I believe it hinders the legitimate rights of eligible Latino voters.

Q. Do you believe that a law requiring one to vote -- I'm sorry -- requiring one to register in advance of election day serves -- has those same concerns?

A. I think it would depend on the specific aspects of the requirements and limitations on when and how one can register. The concept of registering in and of itself is a value-neutral concept. But it cannot be seen as such without a context. And so, therefore, I would state that for me to fully answer the question, you would have to give me the context and requirements under which a persor could legally register to vote.

Q. How about the requirements currently in place in Texas that require you to register weeks in advance of an election?

A. Going on the assumption -- and this is an assumption -- that those requirements are applied equally across constituents, in and of itself, registration, one could argue that there pros and cons for a shortened or long -- lengthened time frames. But in and of itself, registration applied equally across to its citizens in and of itself is not a hindrance.

enacted?

A. You'd have to give me a specific law before I can speak about it. I can't answer --

Q. Well, I guess I would ask you, the laws that you're referring to when you say -- you referred to laws we have in place designed to prevent voter fraud. Maybe let's start there.

What laws are you referring to?

A. I cannot enumerate for you every single law on the books that relates to voting or the elections process. But Mi Familia Vota in its role as an organization that promotes civic engagement, specifically voter registration/education, abides by the laws.

We have some issues with some of the more recent laws, particularly those pertaining to what we perceive as burdensome requirements placed on those who seek to register voters, but we're in compliance with the laws. I've come here today specifically prepared to speak about the detrimental impact and the intent behind that impact on Senate Bill 14. I cannot speak specifically about any other legislation individually.

Q. How about as a collective whole? Is it your contention that what we have in place is proper but Senate Bill 14 goes too far, or something else?

A. I believe Senate Bill 14 moves us backwards. And

Q. What about the requirement that you show up to the poll with a form of an identification?

A. I believe that the voter registration certificate currently fulfills that requirement.

Q. And requiring them to keep it -- requiring a voter not to lose it and to bring it with him or her to the polls?

MS. PERALES: Objection to the extent it mischaracterizes the current law, which provides for a number of forms of identification beyond the voter certificate.

MR. ASTON: Sure.

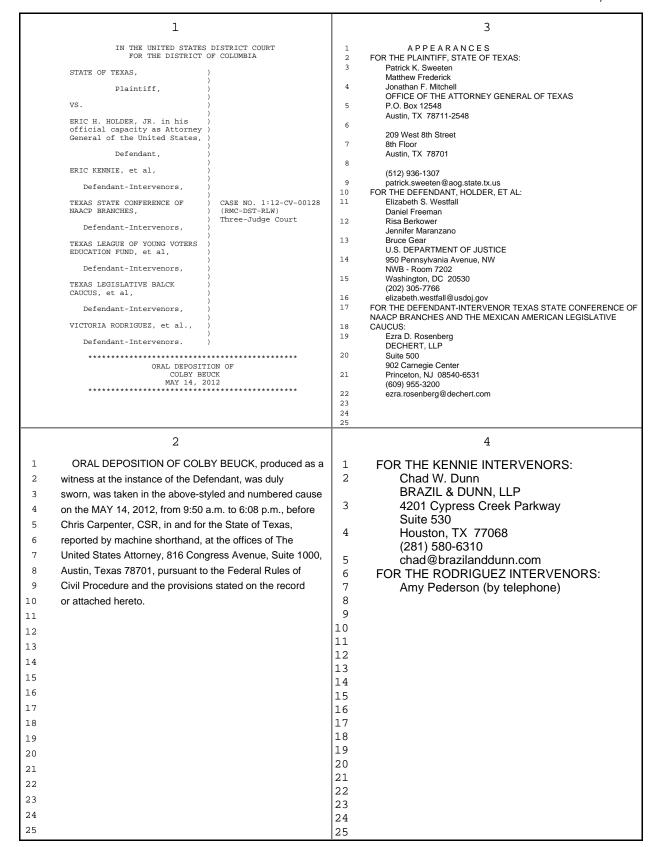

Q. (BY MR. ASTON) You're not required to take the voter registration certificate. You can bring other forms that people might have.

A. (Witness nods.)

Q. But you're required to show up to the polls with an identification of some sort, whether it's the one that they send you when you register or it's one that you have otherwise?

A. Correct. And going on the assumption, again, that the vote -- the mechanism for registering to vote which produces the voter registration certificate is made available to all constituencies and communities. And that is acceptable.

53 55 I'm not clear -- well, I'll leave it at that. 1 (Witness reviews document.) 1 2 2 Q. Does Mi Familia believe laws like we've just been 3 discussing, requiring one to register and requiring one to 3 Q. (BY MR. ASTON) Have you ever seen this document? 4 present an identification of some sort at the poll, are 4 A. That first one begins: The voter 16 16 suppression law, et cetera? 17 Q. Yes. Bullet point No. 3, the second piece of 17 A. Are you referring to the current requirements in 18 18 place? 19 Q. I would argue at face value that that is 2 3 3 specifically why there is no need for SB 14. vote because of these laws. 4 4 Q. Which gets us to the question I asked sort of at Does Mi Familia have any evidence or any -- are 5 5 the beginning of this line. Is it your contention that they aware of anything about those nine people? 6 there would need to be some or substantial or a great deal 6 A. I am unaware about this specific item. 7 7 Q. Is Mi Familia aware of any other people in any of additional voter fraud already discovered before Texas 8 could enact a law designed to prevent that fraud? 8 state in which there is currently a photo ID law in place 9 9 that have not been allowed to vote in 2010 or 2012 or 2008 MS. PERALES: Objection to the extent that 10 10 it suggests that there has been voter fraud discovered to as a result of not having a photo identification? 11 11 A. I have no information about any specific cases 12 You may answer. 12 that have been brought to my attention. 13 A. Where I struggle with this is because I -- I am 13 Q. So Mi Familia is not aware of any voter in any of 14 not aware of any such voter fraud problem to begin with, 14 those states? 15 which fuels my contention -- and perhaps I should take 15 A. I am not aware. Insofar as I am speaking for 16 this opportunity to reinforce that contention -- that 16 Mi Familia Vota, I am limited, given the amount of time 17 there is a demonstrated intent on the part of the Texas 17 I've been with the organization. And so I don't -- I'm 18 18 legislators who voted in favor of this legislation, and not aware of. So to my knowledge, no, I don't know. 19 19 the absence of any evidence of the kinds of voter fraud MS. Q. Isn't it the case that the majority of individuals who live below the federal poverty line in Texas are members of racial minorities?

MR. SWEETEN: Objection, assumes facts not in evidence. Objection, argumentative. If you have personal knowledge of what she's asking you, I'll let you answer.

A. No, I don't have any personal knowledge on that.

Q. (By MS. WESTFALL) Did you have any conversations with Representative Harless about Amendment 50?

MR. SWEETEN: Objection. The question asks about the subject matter. Therefore, I'm going to instruct you not to reveal communications you had with Representative Harless and the other communications that I've outlined previously.

Q. (By MS. WESTFALL) Turning your attention to
Amendment 54 at Page 1015 of the House Journal, are you

familiar with this amendment?

A. This is an amendment directed to the Secretary of State to require certain records be kept regarding Senate Bill 14.

Q. How did Representative Harless vote on this amendment?

# A. She voted for the motion to table.

Q. Why did she vote that way?

MR. SWEETEN: Objection. Don't reveal communications between you and Representative Harless. To the extent there's public information about that issue, you can answer based upon the public record.

Q. (By MS. WESTFALL) Why did Representative Harless not want this information to be gathered?

MR. SWEETEN: Same objection. Your question asks for matters that are privileged by the legislative privilege, that are covered under that. It also asks for communications between Mr. Beuck and Representative Harless, and I'm going to instruct him not to answer that question. It also calls for speculation.

Q. (By MS. WESTFALL) Did Representative Harless or you have any concerns that this information would be harmful because it would show a disparate effect on SB 14 on minority voters?

MR. SWEETEN: I'm going to instruct you not to answer that question in that question asks for you to reveal matters that are subject to the legislative privilege and impact communications you may have had with Representative Harless.

Q. (By MS. WESTFALL) How far in advance were --

was there a requirement that these amendments be filed
 within a certain time period before Floor consideration
 of SB 14?

A. No, there was not a -- I think what's referred to as a prefiling rule. These amendments, many of them, from my observation, were being drafted, and a good number of them were being drafted and submitted during the debate. And I understand a lot of them were prepared beforehand. But, no, there was no prefiling.

Q. Did you have any awareness or knowledge of Amendment Number 54 in advance of the Floor debate?

A. Not that I recall.

Q. Did you consult with the Secretary of State's Office about her position on this amendment before it was considered?

MR. SWEETEN: I'm going to instruct you not to answer. That is a matter subject to the legislative privilege. It's communication between your -- potentially, communication between your office, you, or Representative Harless with a state agency, which is covered by the legislative privilege.

Q. (By MS. WESTFALL) Turning to your attention to Amendment Number 55 on the following page, Page 1016, are you familiar with this amendment?

A. This is an amendment which is requesting the

Secretary of State -- or it's requiring the Secretary of
 State to make a determination on the racial or ethnic
 identity of -- of those that are required to cast a
 provisional ballot under Senate Bill 14.
 Q. How did Representative Harless vote on this
 amendment?

A. She voted for the motion to table.

Q. Why did she vote that way?

MR. SWEETEN: Objection. It calls for matters in communications between Mr. Beuck and Representative Harless. It implicates those communications, and therefore, it's legislatively privileged. I instruct you not to answer that question.

Q. (By MS. WESTFALL) Did Representative Harless have any concern that the burden of SB 14 might be felt disproportionately by minority voters?

MR. SWEETEN: Objection, calls for speculation. Objection, also to the extent that it implicates legislative privilege and communications that Mr. Beuck had with Representative Harless, I instruct you not to answer on that basis.

Q. (By MS. WESTFALL) Did you have any communications with Representative Harless about this amendment?

2	your concern of cost in obtaining a photo ID?	2	(Proceedings concluded at 7:35 p.m.)
3	A. Correct.	3	(1 Toceedings concluded at 7:55 p.m.)
4	Q. Didn't we discuss earlier that S.B. 14 may	4	
5	require documents that cost money in order to obtain	5	
6	the free photo ID?	6	SIGNATURE REQUIRED
7	MR. BRISSENDEN: Objection, asked	7	SIGNATURE REQUIRED
8	answered. We have covered that already.		
9	Q. (BY MS. BERKOWER) Do you remember when we	8 9	
10	discussed that and you agreed that if the underlying	10	
11	documentation costs money, then the ID would	11	* * * *
12	effectively cost money?		
13		12	
14	A. Respectfully, I think that I was answering the	13	
	question of a constituent who said that it could cost	14	
15	somebody money to go get an ID, and he was unaware of	15	
16	the fact that in the legislation a free ID is offered	16	
17	to someone.	17	
18	Now, are you correct that earlier we	18	
19	discussed that there could be underlying documents	19	
20	requiring could be, not guaranteed, but could be	20	
21	that may cost money, that is accurate. Does that make	21	
22	the statement in this letter I'm inaccurate? It does	22	
23	not.	23	
24	Q. Does it make it slightly misleading?	24	
25	A. Not at all.	25	
	322		324
1	MS. BERKOWER: Okay. We're leaving this	1	CHANGES AND SIGNATURE
2	open and pending due to the fact that we got these	2	WITNESS NAME: DENNIS BONNEN
3	documents late and also due to the lengthy objections	3	DATE OF DEPOSITION: JUNE 6, 2012
4	of counsel.	4	PAGE LINE CHANGE REASON
5	MR. BRISSENDEN: For the record,	5	
6	documents that were produced today were produced	6	
7	actually early, before the Court's order that required	7	
8	us to produce it today.	8	
9	Ms. Westfall communicated with counsel in	9	
10	our office, and we made every effort to get these	10	
11	documents that she requested to you today before	11	
12	noontime so you could ask him questions this afternoon,	12	
13	which you have now had them for about seven hours to	13	
14	answer those questions. And so we accommodated your	14	
15	request and we got we focused on those documents.	15	-
16	We had them here at noontime today.	16	
17	And, so in that regard, I don't believe	17	
18	the characterization that we were somehow late in	18	
19	producing them is accurate.	19	
20	MS. BERKOWER: You're late in producing	20	
21	them in that you improperly withheld them and we were	21	
22	required to seek a court order in order to obtain them.	22	
23	That's what I was referring to.	23	
24	MR. BRISSENDEN: I disagree with your	24	
25	characterization.	25
